

CIVIS Blended Intensive Programmes

CIVIS is a [European University Alliance](#) that aims to create a truly unique European interuniversity campus where students, academics, researchers, and staff move and collaborate as freely as within their institution of origin. CIVIS develops a deeper level of European integration, involving joint learning pathways, the development of complementary research facilities, and diverse degree pathways.

Blended Intensive Programmes (BIPs) represent a new format of Erasmus+ mobility within CIVIS. Every BIP combines online teaching with a short period of physical mobility, where you can spend 5 days at another CIVIS university with students from across the Alliance. By combining online sessions with a short period of face-to-face teaching, this innovative format opens up opportunities for international study to new groups of students.
